

## Walking Meets Report 2015 AGM

The past twelve months has seen a diverse walking programme taking place.

There have been over eighteen walks in addition to the ones taking place on the hut meet weekends.

All have taken place whatever the weather and numbers.

Several areas have been covered. Six walks have been in the Lake District Easdale, Borrowdale, Wasdale, Swindale, to name but a few. Other places included the Howgills, Forest of Bowland, Nidderdale and of course the Dales.

Saturday and Sunday dates have been provided.

Thank you to David Wardy Martin and Dick for leading.

A poster was designed and distributed to several of the local libraries and outdoor outlets in order to promote the calendar.

Despite this the main obstacle still seems to be a lack of support with 25% of the walks having only one club member attending.

Hopefully the AGM will touch on this with ideas from the members on how to redress this problem being welcome.
