## Annual Climbing Meets Report 2018-19 *(Andy Barton)*

Three of the first four outside weekday meets of the year were rained off, with a number of us choosing to go to Ingleton or Harrogate climbing walls. From then on 29 outside climbing meets have been organised throughout the summer over which we pretty well enjoyed an unbroken programme, with only the occasional need to reorganise the venue due to high winds whereon Giggleswick South prevailed as the fallback crag.

In my holiday absence my thanks go to Steve Wilson, Vikki Bassek, Keith Roberts, and John Brayshaw for stepping in as coordinators. A number of weekend day climbing meets were also organised.
